Disability in the Workspace: Creating Inclusive Environments

Transform your workspace with expert-led training to create inclusion and break down barriers.

Why Choose Our Training?

Empowering Knowledge:

- Build awareness of disabilities and neurodiversity.
- Learn practical tools to remove barriers in the workplace.

Legal & Ethical Compliance:

- Ensure adherence to UK equality laws and promote an inclusive culture.

Real Stories, Real Impact:

- Hear directly from guest speakers with living experiences who challenge stereotypes and provide their unique impacting insights.

Overview of the Sessions

Join our Disability in the Workspace training series to gain practical insights and tools for building more inclusive and supportive workplaces.

Featuring expert guest speakers with living experiences, each session is designed to inspire change, challenge misconceptions and empower your team.

Session Highlights:

Disability Awareness – an Introduction:

- Explore the diverse world of disabilities, understand key concepts and terminology. Learn about the importance of disability history and media portrayals. Experience how unconscious bias and stereotypes impact inclusion.

The Facts & Legal Aspects around Disability:

- Gain an overview of disability rights and legislation, including the Equality Act (2010). Understand protected characteristics, common misconceptions and barriers to inclusion.

How to Become a Disability Confident Business:

- Discover the UK Government's flagship Disability Confident Scheme. Learn about the three levels—Committed, Employer and Leader—and gain practical insights into self-assessments, action planning and reviewing processes.

Autism & Neurodiversity in the Workspace:

- Delve into understanding autism and neurodiversity. Gain perspectives from specialists and those with lived experiences, equipping you to support neurodiverse employees effectively.

Inclusion – Accommodating & Making Adjustments:

- Learn how to implement reasonable adjustments and accommodations to create inclusive workspaces. Understand best practices for ensuring equal opportunities for all employees.

All sessions are available online, in-person, or as bespoke workshops tailored to suit your businesses needs.

Come on, let's all get fully inclusive!

Key Takeaways:

- Practical insights into creating inclusivity.
- Tools to navigate legislation and support disability confidence.
- Inspiration and motivation from speakers who've lived the experiences.

Client Testimonial

"This training gave our team a new perspective on inclusion. The guest speakers' stories were particularly impactful."
