## **Creating, Nurturing and Enabling Inclusion in Your Workspace Empowering Your Journey to Disability Confidence**

At sendme2work, we champion disability inclusion for you by providing expert-led training, accessibility audits, coaching development and bespoke consultancy. Led by Andrew Holland, a specialist with over 30 years of experience, we help your businesses or organisation advance your disability confidence journey so you can create truly inclusive workspaces.

### **Our Services to You**

#### **Disability Inclusion Training & Workshops**

- Practical sessions, both online and in-person, designed to increase your awareness, confidence and understanding of disability inclusion and deepen knowledge about neurodiversity.

#### **Workspace Accessibility Audits**

- Identify your barriers in the physical, digital, customer or supply chain and cultural spaces with our tailored and bespoke recommendations increasing accessibility for your customers

#### **Digital Accessibility Training**

- Ensure your digital content, websites and social media content is accessible to your audiences.

#### **Bespoke Consultancy & Project Management**

- Support tailored to your organisation's needs - helping you implement inclusive strategies with confidence.

#### **Coaching & Leadership Development**

- Strategic guidance for your HR, DEI leads and managers to embed disability inclusion into your workspace culture and advance your journey towards achieving Disability Confidence.

### **Why Work With Us?**

- ✓ Enhance your Disability Confident status
- ✓ Improve accessibility across your organisation
- ✓ Create an inclusive and diverse workforce to benefit your business
- ✓ Gain expert support from a trusted and experienced specialist, whose passion is unrivalled across the South West
